President’s Message

Dear friends,

I am pleased to extend to you an invitation to join nearly 1,000 of your colleagues in attending the Oklahoma Hospital Association’s 2016 Convention & Trade Show, to be held Nov. 2-4, at the Cox Convention Center in downtown Oklahoma City. This is our largest educational and networking event of the year and you won’t want to miss it!

Our theme this year, “Joining the Quest for High Reliability,” focuses on a different approach to help ensure that Oklahoma’s hospitals and other health care organizations will provide safe, error free care to every patient. We can learn much from high reliability organizations outside health care that have achieved exemplary safety records and sustained them over long periods of time. But the great news is we will hear about the experiences of hospitals achieving these same results with significant operating returns! Be sure to invite representatives from your governing body and medical staff leadership to hear these presentations.

Topics to be explored during the two and a half days will include:
- Why health care needs high reliability;
- Physician reimbursement under new health care delivery models;
- Organization cultures that derive excellence from both success and failure;
- How best to engage leadership and staff in performance improvement;
- Reaching excellence in the patient experience;
- and much more.

Please keep in mind that your general registration entitles you to attend as many of the educational sessions as you wish, regardless of your membership in a particular affiliated society, with the exception of the ACHE session on Friday. Note that member hospital trustees can attend the OHA Convention & Trade Show at no cost! Please invite and encourage your trustees to register and take advantage of this opportunity.

We will again present our awards throughout the convention at our various general sessions. We will also host a special gathering on Wednesday evening – join us at the Chairman’s Party for some great networking and refreshments.

The OHA Convention offers many opportunities to learn new ideas and share experiences with your colleagues. You simply won’t find a better value for your educational dollars than the OHA Convention & Trade Show! We look forward to seeing you Nov. 2 for “Joining the Quest for High Reliability.”

Sincerely,
Craig W. Jones, FACHE

Opening Ceremonies and Keynote Address

“What is High Reliability and Why Does Health Care Need It?”
- Mark R. Chassin, MD, FACP, MPP, MPH,
president and CEO, The Joint Commission

Despite nearly two decades of intense effort to improve, health care continues to be plagued by serious quality and safety problems. Too many patients suffer from preventable infections, falls with injury, medication errors, and many other kinds of adverse events. Our current approaches to improvement are not producing the results we want. A focus on high reliability offers a different approach, learning from organizations outside health care that have achieved exemplary safety records and sustained them for long periods of time. Dr. Chassin will discuss lessons from these high reliability organizations and specific steps that an increasing number of hospitals and health systems are taking to pursue this goal.

Dr. Chassin, in his role with The Joint Commission, oversees the activities of the nation’s predominant standards-setting and accrediting body in health care. Joint Commission accreditation and certification is recognized as a symbol of quality that reflects an organization’s commitment to improvement and to meeting state-of-the-art performance standards. Dr. Chassin is also president of the Joint Commission Center for Transforming Healthcare, established in 2009.

The OHA W. Cleveland Rodgers Distinguished Service Award will be presented at this session.

The member hospital group registration allows a single member hospital (not an entire system) to register a group of employees for discounted registration fees. It does not apply to volunteers or trustees. Each employee must complete his/her own Advance Registration Form.

Complimentary OHA Member Hospital Trustee Registration
Please complete a separate form for each hospital trustee who is registering for the Convention. Complete both the front and back of the form so we will have correct attendee numbers for each session. Remember there is NO COST for trustees from member hospitals to attend the 2016 Annual Convention & Trade Show. (This does not include the volunteer luncheon or ACHE program.)
