Our core values are reflected in the three words that make up our name.

**Quality** – We are committed to providing top talent, exemplifying best practices in all operations and striving for excellence and continuous improvement in all we do. The Qualivis mission is grounded in its history as a company founded by hospitals for hospitals.

**Life** – We specialize in supplemental staffing to help fill gaps and provide better work-life balance for the permanent team, and we offer services to help hospitals improve the quality of the workplace.

**Vision** – We are a resource for consulting, training and management tools to help providers plan for the workforce challenges of tomorrow – today.

## The Qualivis Advantage

### VENDOR NEUTRAL

Our vendor-neutral approach brings increased market competition in the areas of billing rates, contract terms, performance standards and qualified candidates.

### ONE CONTRACT

Qualivis maintains one central contract with over 100 national staffing agencies so that hospitals spend less time on administrative duties.

### ONE INVOICE

Qualivis collects and distributes one invoice so hospitals are able to easily track their spending and promptly pay staffing agencies.

### ONE CONTACT

Qualivis provides you with one contact who can guide you through the process and is always a phone call or email away.

### ONE SOFTWARE

Web-based software for posting and confirming of needs, time cards, invoicing and automated reports.
